

Technip awarded contract for the expansion of an ethylene plant in Russia

October 13, 2008

Paris, October 13, 2008

Technip has been awarded by Sibur Neftehim (a Sibur Moscow Holding subsidiary) a lumpsum engineering and procurement contract, worth approximately €45 million, to expand an ethylene plant in Kstovo, Russia.

Technip's operating center in Zoetermeer, The Netherlands, will execute the contract, which follows the basic engineering contract already carried out
