## **FMC Technologies Reports Second Quarter 2013 Diluted Earnings per Share of \$0.44**

- **Subsea Technologies record orders of \$2.6 billion**
- **Subsea Technologies revenue of \$1.1 billion**
- **Record Company backlog of \$6.7 billion**

**HOUSTON, July 23, 2013** - FMC Technologies, Inc. (NYSE:FTI) today reported second quarter 2013 revenue of \$1.7 billion, up 14 percent from the prior-year quarter. Diluted earnings per share were \$0.44 compared to \$0.46 in the prior-year quarter. The quarterly earnings included a charge related to the 2013 Multi Phase Meters earn-out adjustment of \$9.1 million or \$0.04 per share.

Total inbound orders were \$3.2 billion and included \$2.6 billion in Subsea Technologies orders. Backlog for the Company was \$6.7 billion, including Subsea Technologies backlog of \$5.9 billion.

"We are pleased to report our strongest quarter of subsea orders on record which included Total's Egina award and our second call off of the pre-salt tree award from Petrobras," said John Grep, Chairman and CEO of FMC Technologies. "Additionally, we are continuing to see the margins in our backlog improve and anticipate improvement in our Subsea Technologies results throughout the remainder of the year."

"Surface Technologies results were better than expected as surface wellhead delivered another quarter of solid performance and fluid control activity began to stabilize."

---

## **Review of Operations - Second Quarter 2013**

### **Subsea Technologies**

Subsea Technologies second quarter revenue was \$1.1 billion, up 19 percent from the prior-year quarter.

Subsea Technologies operating profit was up 12 percent from the prior-year quarter to \$123.4 million as a result of volume growth. Prior-year results included a \$13.2 million net benefit associated with the Schilling Robotics acquisition.

Subsea Technologies inbound orders in the second quarter were \$2.6 billion and backlog was \$5.9 billion.

### **Surface Technologies**

Surface Technologies second quarter revenue was \$440.2 million, up six percent from the prior-year quarter driven by higher volume of surface wellhead and the addition of completion equipment.

---

## **Corporate Items**

Corporate expense in the second quarter was \$12.5 million, an increase of \$2.1 million from the prior-year quarter. Other revenue and other expense, net, increased \$1.8 million from the prior-year quarter to \$31.5 million, which includes a charge of \$9.1 million related to the earn-out associated with the acquisition of Multi Phase Meters.

The Company ended the quarter with net debt of \$1.3 billion. Net interest expense was \$8.8 million in the quarter.

The Company repurchased approximately 404,000 shares of common stock in the quarter, at an average cost of \$54.45 per share.

Depreciation and amortization for the second quarter was \$52.1 million, up \$3.1 million from the sequential quarter. Capital expenditures for the second quarter were \$77.8 million.

The Company recorded an effective tax rate of 28.2 percent for the second quarter.

## **Summary and Outlook**

FMC Technologies reported second quarter diluted earnings per share of \$0.44, which included a charge related to the 2013 Multi Phase Meters earn-out adjustment of \$9.1 million or \$0.04 per share.

Total inbound orders of \$3.2 billion in the second quarter included \$2.6 billion in Subsea Technologies orders. The Company's backlog stands at \$6.7 billion, including Subsea Technologies backlog of \$5.9 billion.

The Company raised the lower end of its guidance which results in a 2013 diluted earnings per share range of \$2.10 to \$2.25 as Subsea Technologies and Surface Technologies operating profit is expected to improve during the remainder of the year.

This release contains "forward-looking statements" as defined in the Private Securities Litigation Reform Act of 1995. The words such as "expected," "continue," "outlook," and similar expressions are intended to identify forward-looking statements, which are generally not historical in nature. Such forward-looking statements involve significant risks, uncertainties and assumptions that could cause actual results to differ materially from our historical experience and our present expectations or projections. FMC Technologies cautions you not to place undue reliance on any forward-looking statements, which speak only as of the date hereof. Known material factors that could cause actual results to differ materially from those contemplated in the forward-looking statements include those set forth in the Company's filings with the Securities and Exchange Commission, including its Annual Report on Form 10-K, Quarterly Reports on Form 10-Q and Current Reports on Form 8-K, as well as the following: demand for our systems and services, which is affected by changes in the price of, and demand for, crude oil and natural gas in domestic and international markets; potential liabilities arising out of the installation or use of our systems; U.S. and international laws and regulations, including environmental regulations, that may increase our costs, limit the demand for our products and services or restrict our operations; disruptions in the political, regulatory, economic and social conditions of the foreign countries in which we conduct business; fluctuations in currency markets worldwide; cost overruns that may affect profit realized on our fixed price contracts; disruptions in the timely delivery of our backlog and its effect on our future sales, profitability, and our relationships with our customers; the cumulative loss of major contracts or alliances; deterioration in the future expected profitability or cash flows and its effect on our goodwill; rising costs and availability of raw materials; our dependence on the continuing services of key managers and employees and our ability to attract, retain and motivate additional highly-skilled employees for the operation and expansion of our business; a failure of our information technology infrastructure or any significant breach of security; our ability to develop and implement new technologies and services, as well as our ability to protect and maintain critical intellectual property assets; the outcome of uninsured claims and litigation against us; and a downgrade in the ratings of our debt could restrict our ability to access the debt capital markets. FMC Technologies undertakes no obligation to publicly update or revise any of its forward-looking statements after the date they are made, whether as a result of new information, future events or otherwise.

**FMC Technologies, Inc. will conduct its third quarter 2013 conference call at 9:00 a.m. ET on Wednesday, October 23, 2013. The event will be available at [www.fmctechnologies.com](http://www.fmctechnologies.com). An archived audio replay will be available after the event at the same website address.
