

## **Technip awarded contract for the Nord Stream project in the Baltic Sea**

March 18, 2010

Technip has been awarded by Nord Stream AG a frame contract, worth approximately €35 million, for the Nord Stream project in the Baltic Sea.

Technip's operating center in Stavanger, Norway will execute this contract.

The contract covers four tie-ins on the two parallel pipelines that will run through the Baltic Sea, from Vyborg in Russia to Lubmin in Germany crossing
