News Release

Review of Operations - Third Quarter 2013

Subsea Technologies

Subsea Technologies third quarter revenue was \$1.1 billion, up 20 percent from the prior-year quarter.

Subsea Technologies operating profit was up 10 percent from the prior-year quarter to \$121.1 million as a result of volume growth.

Subsea Technologies inbound orders for the third quarter were \$1.7 billion and backlog was \$6.5 billion.

Surface Technologies

Surface Technologies third quarter revenue was \$455.9 million, up 26 percent from the prior-year quarter driven by higher volume in surface wellhead and the addition of completion services, which more than offset the reduced fluid control sales.

Surface Technologies operating profit increased 30 percent from the prior-year quarter to \$74.5 million driven by volume growth in surface wellhead.

Surface Technologies inbound orders for the third quarter were \$477.0 million and backlog was \$608.1 million to (in o

Corporate Items

Corporate expense in the third quarter was \$10.4 million, a decrease of \$1.1 million from the prior-year quarter. Other revenue and other expense, net, decreased \$2.2 million from the prior-year quarter to \$27.1 million, which includes a charge of \$8.5 million related to the earn-out associated with the acquisition of Multi Phase Meters.

The Company ended the quarter with net debt of \$1.2 billion. Net interest expense was \$8.2 million in the quarter.

The Company repurchased approximately 397,000 shares of common stock in the quarter, at an average cost of \$55.19 per share.

Depreciation and amortization for the third quarter was \$51.9 million, down \$0.2 million from the sequential quarter. Capital expenditures for the third quarter were \$80.8 million.

The Company recorded an effective tax rate of 30.9 percent for the third quarter.

Summary and Outlook

FMC Technologies reported third quarter diluted earnings per share of \$0.49.

Total inbound orders of \$2.4 billion in the third quarter included \$1.7 billion in Subsea Technologies orders. The Company's backlog stands at \$7.4 billion, including Subsea Technologies backlog of \$6.5 billion.

The Company adjusted guidance for 2013 diluted earnings per share to a range of \$2.00 to \$2.10.

FMC Technologies, Inc. (NYSE:FTI) is a leading global provider of technology solutions for the energy industry. Named by FORTUNE® Magazine as the World's Most Admired Oil and Gas Equipment, Service Company in 2012, the Company has approximately 19,000 employees and operates 30 production facilities in 16 countries. FMC Technologies designs, manufactures and services technologically sophisticated systems and products such as subsea production and processing systems, surface wellhead systems, high pressure fluid control equipment, measurement solutions, and marine loading systems for the oil and gas industry. This release contains "forward-looking statements" as defined in the Private Securities Litigation Reform Act of 1995. The words such as "expected," "continue," "outlook," and similar expressions are intended to identify forward-looking statements, which are generally not historical in nature. Such forward-looking statements involve significant risks, uncertainties and assumptions that could cause actual results to differ materially from our historical experience and our present expectations or projections. FMC Technologies cautions you not to place undue reliance on any forward-looking statements, which speak only as of the date hereof. Known material factors that could cause actual results to differ materially from those contemplated in the forward-looking statements include those set forth in the Company's filings with the Securities and Exchange Commission, including its Annual Report on Form 10-K, Quarterly Reports on Form 10-Q and Current Reports on Form 8-K, as well as the following: demand for our systems and services, which is affected by changes in the price of, and demand for, crude oil and natural gas in domestic and international markets; potential liabilities arising out of the installation or use of our systems; U.S. and international laws and regulations, including environmental regulations, that may increase our costs, limit the demand for our products and services or restrict our operations; disruptions in the political, regulatory, economic and social conditions of the foreign countries in which we conduct business; fluctuations in currency markets worldwide; cost overruns that may affect profit realized on our fixed price contracts; disruptions in the timely delivery of our backlog and its effect on our future sales, profitability, and our relationships with our customers; the cumulative loss of major contracts or alliances; deterioration in the future expected profitability or cash flows and its effect on our goodwill; rising costs and availability of raw materials; our dependence on the continuing services of key managers and employees and our ability to attract, retain and motivate additional highly-skilled employees for the operation and expansion of our business; a failure of our information technology infrastructure or any significant breach of security; our ability to develop and implement new technologies and services, as well as our ability to protect and maintain critical intellectual property assets; the outcome of uninsured claims and litigation against us; and a downgrade in the ratings of our debt could restrict our ability to access the debt capital markets. FMC Technologies undertakes no obligation to publicly update or revise any of its forward-looking statements after the date they are made, whether as a result of new information, future events or otherwise.

FMC Technologies, Inc. will conduct its fourth quarter 2013 conference call at 9:00 a.m. ET on Friday, February 7, 2014. The event will be available at www.fmctechnologies.com. An archived audio replay will be available after the event at the same website address. In the event of a disruption of service or technical difficulty during the call, information will be posted at www.fmctechnologies.com/earnings.
